

Reentry Programs and Initiatives

Milestone Presentation

Presentation Objectives:

- Address questions on how the County successfully and safely reduced the jail population during the COVID-19 Pandemic
 - Highlight programs and initiatives that serve in-custody, formerly incarcerated, and reentry individuals
 - Depict points of interception to divert individuals away from jail
-

Next Steps to Sustain Low Jail Population:

- Reduce length of stay in the jail by expediting court processes
 - Evaluate County and community-based programs for fidelity
 - Increase client services where appropriate
- 

Thank You
